

## NOTICES OF PUBLIC INFORMATION

Notices of Public Information contain corrections that agencies wish to make to their notices of rulemaking; miscellaneous rule-making information that does not fit into any other category of notice; and other types of information required by statute to be published in the *Register*. Because of the variety of material that is contained in a Notice of Public Information, the Office of the Secretary of State has not established a specific format for these notices.

### NOTICE OF PUBLIC INFORMATION DEPARTMENT OF HEALTH SERVICES

- 1. Title and its heading:** 9, Health Services  
**Chapter and its heading:** 6, Department of Health Services  
Communicable Diseases  
**Articles and their headings:** 1, Definitions  
2, Communicable Disease Reporting  
3, Control Measures for Communicable and Preventable Diseases  
5, Rabies Control  
6, Tuberculosis Control  
**Section numbers:** R9-6-101 through R9-6-106, R9-6-201 through R9-6-207, R9-6-301 through R9-6-388, R9-6-501 through R9-6-504, and R9-6-601 through R9-6-604
- 2. The public information relating to the listed Sections:**  
The Arizona Department of Health Services (ADHS) published a Notice of Proposed Rulemaking for this rulemaking on January 9, 2004, at 10 A.A.R. 96. In the official, hard copy version of the January 9, 2004 issue of the *Arizona Administrative Register*, two publication errors appear. The first error is in Table 1 of the Notice of Proposed Rule-making, in the entry related to scabies. The entry for scabies shows a flag symbol when it should show an "O" to indicate that outbreak reporting is required for scabies.
- The second error is in the proposed R9-6-335, the rule for Hepatitis A. In subsection (B), only a portion of the text is underlined. All of the text in subsection (B) should be underlined to indicate that it is newly proposed language, not existing rule language.
- These errors appear only in the official, hard copy version of the January 9, 2004 issue of the *Arizona Administrative Register*. The online version of the January 9, 2004 issue of the *Arizona Administrative Register* shows the correct information.
- To ensure that no confusion exists related to the proposed reporting requirement for scabies or the changes being proposed in R9-6-335, ADHS is republishing Table 1 and its Key and the proposed R9-6-335 in this Notice of Public Information.

**Table 1. Reporting Requirements for a Health Care Provider or an Administrator of a Health Care Institution or Correctional Facility**

*O Amebiasis	Hantavirus infection	*O Salmonellosis
Anthrax	Hemolytic uremic syndrome	O Scabies
Aseptic meningitis: viral	*O Hepatitis A	Severe acute respiratory syndrome
Basidiobolomycosis	Hepatitis B and D	*O Shigellosis
Botulism	Hepatitis C	Smallpox
O Brucellosis	*O Hepatitis E	Streptococcal Group A: Invasive disease
*O Campylobacteriosis	Herpes genitalis	Streptococcal Group B: Invasive disease in infants younger than 90 days of age
Chancroid	HIV infection and related disease	Streptococcus pneumoniae (pneumococcal invasive disease)
Chlamydia	Kawasaki syndrome	Syphilis
O* Cholera	Legionellosis (Legionnaires' disease)	*O Taeniasis
Coccidioidomycosis (valley fever)	Leptospirosis	Tetanus
Colorado tick fever	Listeriosis	Toxic shock syndrome
O Conjunctivitis: acute	Lyme disease	Trichinosis
Creutzfeldt-Jakob disease	Lymphocytic choriomeningitis	O Tuberculosis
*O Cryptosporidiosis	Malaria	Tularemia
Cyclospora infection	Measles (rubeola)	Typhoid fever
Cysticercosis	Meningococcal invasive disease	O Typhus fever

	<u>Hansen's disease (Leprosy)</u>		<u>Rubella syndrome, congenital</u>		

**Key:**

- Submit a report by telephone or through an electronic reporting system authorized by the Department within 24 hours after a case or suspect case is diagnosed, treated, or detected.
- \* If a case or suspect case is a food handler or works in a child care establishment or a health care institution, instead of reporting within the general reporting deadline, submit a report within 24 hours after the case or suspect case is diagnosed, treated, or detected.
- Submit a report within one working day after a case or suspect case is diagnosed, treated, or detected.
- Submit a report within five working days after a case or suspect case is diagnosed, treated, or detected.
- Submit a report within 24 hours after detecting an outbreak.

**~~R9-6-326. R9-6-335, Hepatitis A~~**

**~~A. Case control measures:~~**

- ~~1. A local health agency shall exclude a hepatitis A case from working as a food handler or attending a child care establishment during the first 14 days of illness or for seven days after onset of jaundice.~~
- ~~2. A local health agency shall conduct an epidemiologic investigation of each reported hepatitis A case or suspect case. For each hepatitis A case, a local health agency shall complete and submit to the Department within 10 working days after completing an epidemiologic investigation Exhibit III-G or an electronic equivalent to Exhibit III-G provided by the Department.~~

~~**A. Environmental control measures:** The diagnosing health care provider or authorized representative shall counsel a case about handwashing and concurrent disinfection of contaminated articles. In the event the case is a child or incapacitated adult, a health care provider shall counsel the person responsible for care.~~

**~~B. Contact control measures:~~** A local health agency shall:

- ~~1. Exclude a hepatitis A contact with symptoms of hepatitis A from working as a food handler during the first 14 days of illness or for seven days after onset of jaundice;~~
- ~~2. For 45 days after exposure, provide follow-up to a food handler who is a contact of a hepatitis A case during the infectious period; and~~
- ~~3. Evaluate the risk of exposure to hepatitis A contacts and, if indicated, provide or arrange for each contact to receive prophylaxis and immunization.~~

~~**B. Outbreak control measures:** The local health agency shall conduct or direct an epidemiologic investigation of each reported outbreak. The local health agency shall evaluate the risk of exposure and, if indicated, provide or arrange for prophylaxis.~~

~~**C. Special control measures:** The local health agency shall:~~

- ~~1. Exclude a case from handling food during the 1st 14 days of illness or for 7 days after the onset of jaundice.~~
- ~~2. Provide follow-up of food handlers who are household contacts with a case or who consumed food prepared by a case during the infectious period for 45 days following the exposure.~~

**3. The name and address of agency personnel with whom persons may communicate regarding this Notice:**

Name: Kathleen Phillips, Rules Administrator  
 Address: Arizona Department of Health Services  
 Office of Administrative Rules  
 1740 W. Adams, Suite 202  
 Phoenix, AZ 85007  
 Telephone: (602) 542-1264  
 Fax: (602) 364-1150  
 E-mail: kphilli@hs.state.az.us
